Haulage Depots, Hospitals, Entrances  
to Villages, Sports Events, Exhibition  
Centres, Public Events, etc. etc. etc.**

# Speed Monitor™ Trolley from Lion Laboratories

The speed monitor trolley has been designed to slow down traffic wherever danger exists. Reminding drivers of their current speed and the prevailing limit is remarkably effective at reducing speeds and therefore accidents\*.

Transport organisations can reap significant benefits from a reduction in vehicle speed on and around their premises.

\* Independent data from TRL (Traffic Research Laboratories)

- 30cm high LED display
